

COTTON QUEEN WANTS
SEAT IN CONGRESS

Mrs. Lelia Seton Edmundson, an Alabama woman, wants to throw her strength with the Farm Bloc in Congress. She has announced her candidacy from her district, her belief, she says, being to interest the government in our farms and farmers. Mrs. Edmundson is known as the "Cotton Queen of the South." She owns and person manages a 1,600-acre plantation near, Ala.

PUBLIC MEETING.

There will be a public meeting at the high school on Friday evening, April 21, to consider the appeal of Mrs. M. H. Crisler. Friends, this meeting is intended for us all, so let us help "our boys" and make their lives a little happier. A very little assistance means much to these helpless ones.

COMMITTEE.

MINERS' STRIKE
AT GOLD HILL
IS UNCHANGED

State Watching Developments
and Is Prepared to Meet
Any Emergencies.

With the state watching the situation and preparing for any emergencies, the strike at Gold Hill remained unchanged today with between 30 and 40 of the 350 miners at work underground.

Company officials stated today that the work in the mine was so far ahead of the work on the hill that the company was not embarrassed to any extent by the curtailment of work in the mine and would not be for several weeks. The company contends that it is standing on the agreement entered into two years ago with the Gold Hill Miners' union in the payment of underground wages of \$5 for miners and \$4.50 for muckers and trammers.

The agreement said nothing about the hours of work. It is said that none of the members of the Gold Hill Miners' union was employed by the company, all having surface jobs.

Investigations made so far indicate that there may be some I. W. W. organizers on the Comstock, according to Labor Commissioner Ingram, but nothing definite showing any radical activity so far has been disclosed by state officials.

John Kelly is head of the miners' committee which is in charge of the strike for the men. The original call for the walk out, issued following the mass meeting Monday afternoon was as follows:

"NOTICE!
Whereas, the United Comstock Mines company has made the working hours underground as follows: Shifts to go on at 6:45 p. m., and a. m., and to return from underground at 3:30 a. m., and p. m., respectively; this to take effect on the 16th day of April, 1922;

Whereas, the miners of the Comstock district have established a workday of eight hours from collar to collar and a flat scale for underground work;

Therefore, we, the miners of Gold Hill, Nevada, at a mass meeting, held at 3 p. m., April 17, 1922, demand a working day of eight hours from collar to collar and a flat scale of \$5 for all work underground.

We hereby declare United Comstock Mines company unfair under present conditions and notify all men to stay away until further notice.
(Signed) STRIKE COMMITTEE,
Gold Hill, Nevada."

NOTICE TO DOG OWNERS AND
THE PUBLIC IN GENERAL

Ordinance No. 38, provides: "That the owners of all dogs within the limits of the town of Tonopah be and the same are required to muzzle any dog or dogs in their possession and under their control.

That any peace officer or person duly authorized by the board of county commissioners shall kill any dog or dogs running at large within the limits of the town of Tonopah, without a muzzle thereon."

Owing to the prevalence of rabies among dogs the above ordinance will be rigidly enforced on and after this date. Owners who have no muzzles for their dogs must provide same within three days from date, and keep dog confined until muzzle is provided.

Dated: April 13th, 1922.
O. H. SMITH,
Chief of Police.

CONDITIONS IN
NEAR EAST ARE
REPORTED BAD

Central Government Making Efforts to Secure Food to Thwart Starvation.

(By Associated Press)
LONDON, April 5.—(By Mail).—Advices received here from the American Near East Relief organization at Tiflis depict terrible conditions in the Caucasus, where starvation, overcrowding in the towns, severe weather and attacks by the wolves are causing great distress.

The central government is making efforts to secure food supplies from Persia and Turkestan and several small shipments have arrived from Persia, but the difficulty is to find a medium of exchange which the Persians will accept.

Migrations of starving peasants from the villages owing to the exhaustion of food stocks are causing acute embarrassment in the towns. Fifteen hundred of them have arrived at Alexandropol, where the Near East Relief organization is already feeding 5000 refugees and 20,000 orphans.

Severe temperature and heavy snowfall are threatening to delay the spring farming. The snow, is now six to nine feet deep in the eastern districts, where the villagers are terrified by incursions of the wolves. Two soldiers on outpost duty near Darachichak were eaten by wolves after a desperate fight. Near Alexandropol five peasants lost their lives when a band of wolves attacked their village.

GREAT BOULEVARD
TO BE CONSTRUCTED

(By Associated Press)
SAN FRANCISCO, April 21.—A boulevard to the crest of Telegraph Hill here, historic waterfront landmark whose steep slopes have long been inaccessible for traffic, will be constructed soon, according to Ralph McLean, a city supervisor, sponsor for the project, who is now arranging for acquisition of the right of way.

The new boulevard will connect up with a system of hillside drives which already surround the city. None of its grades will be over 10 per cent. Cost of the project will approximate \$75,000.

REWARD

A reward of \$100 will be given for the recovery of bullion stolen Thursday morning from the American Express company truck, and \$100 additional reward for information leading to the arrest and conviction of the thief.

ACCUSE BEAUTY OF
THEFT IN CHURCH

Mrs. Catherine Fitzhugh, daughter of William Bruce Pennell, former Governor of Virginia, has been arraigned in a New York court charged with having stolen a handbag from a woman worshiper in the church at St. Mary's.

YOSEMITE NOW
PREPARING FOR
A BUSY SEASON

Hotels Opening and Expect to Entertain Record-Breaking Crowd During Summer.

(By Associated Press)
MERCED, April 21.—Prospects for a successful season at Yosemite national park this summer are extremely good, according to General Manager W. L. White of the Yosemite valley railroad here. Yosemite lodge opened for business April 15, White says, and Camp Curry will open April 28. Glacier hotel will also open soon, but the exact date has not been announced.

Although there is now ten feet of snow on Glacier point, warm weather is expected to melt it in short order.

The first excursion scheduled for the valley this year is that of the California medical association, May 15-18. Over 1200 medicals are expected to participate in a body. In June a dozen special trains full of Shriners and three special trains of Rotarians are expected to tax the accommodations of the valley to the utmost.

CRESCENT WILL
DRIVE CROSSCUT
LONG DISTANCE

East Crosscut from Twelve Hundred Level Exploring Rich Mineral Territory.

Excellent progress is being made in the advance of the east crosscut from the 1200 level of the MacNamara Crescent Development company's estate, and up until Friday morning, April 21, 76 feet of ground had been broken in a period of three weeks. No vein has yet been intersected, but it need prove no surprise to learn almost any time that new developments are taking place that will have a direct bearing upon the future of the district, or to end lines of the holdings of the company, but within that distance several veins of proven richness will unquestionably be intersected.

The MacNamara Crescent Mining company is prosecuting one of the most important campaigns of development that has been attempted in the Tonopah district in a long period, and it is understood that the financial end of the proposition will be looked after to that extent which will insure work being carried to a successful termination.
